Anachem has been providing excellent quality control laboratory services to the metal finishing industry since 1948.

We are a Nadcap and A2LA approved laboratory and hold all the major prime approvals: Boeing, Airbus, Bombardier, Lockheed, Northrop, Snecma and more.

Our goal has always been to be a full-service laboratory to the industry. Our services on the coatings include salt spray, humidity, abrasion resistance, coating weight, adhesion, and electrical resistance testing. We also provide metallographic testing such as IGA/EGP, microhardness and microthickness as well as hydrogen embrittlement. We also provide process solution control analysis with tank recommendations on a very fast turnaround. We have experts in the field and a long history of helping our customers improve their quality.
